DEAR JUDGE GRIMM,

It's ROLANDO Thorpe inmate # 58725-037 CASE #  
PWG-15-296.

I'm writing this letter asking if there are any  
more remedies I can pursue to have a couple of months  
knocked off of my sentence.

I filed a compassionate release motion  
I was almost 100% sure that I was going to get  
some type of relief from you based on my past  
motion you granted for time served from 2013.  
An amended judgement even though I am grateful for  
the months FBOB took which was 4 months I thought  
it would have been the time served that pre-sentencing  
recommended.

I contacted my lawyer that filed my  
compassionate release motion to see if there's anything  
else I can file and haven't got a response.

MR Grimm I have a perfect jail record from 2013  
to right now. I completed every program you recommended at  
sentencing and I also live in another state away from  
where my criminal past is. I live in Delaware. My release  
date is 2024 December. Please Judge Grimm if there's  
any other remedies I can pursue to get home to  
my fiancée and 3 kids let me know. Thank you.
